**Corbels & Knee Braces**

Among the milling services offered by All-Coast is our ability to put “details” on the ends of Douglas Fir, Western Red Cedar, and Redwood Timbers, as well as on Glu Lam Beams. The following are the standard patterns of corbels and knee braces we offer:

We can also provide corbel and knee brace services for those customers who have their own detail designs.

For top quality products, look for the All-Coast Genuine seals.
